

# FAMILY WORSHIP DISCUSSION GUIDE

## PRAY

Pray, thanking God for the grace that He showed you when you were His enemy because of your sin.

## READ

Read Psalm 35:11-18 aloud.

## DISCUSS

- Describe how friends treat each other. How do enemies treat each other?
- Describe how David treated the "malicious witnesses," before they wronged him. Consider times when you were wronged by someone you treated with love and respect. What emotions did you feel during those situations?
- What would a sinful response to David's situation look like? How does David respond instead? What truths about God's character encourage us to rely on Him in situations like the one described in the passage?

## SING

Sing the hymn, "I Have A Shelter," together as a family.

## PRAY

Consider those in your life who you struggle to live at peace with. Spend time praying individually for those people, then close your time by praying together that your family would be one that seeks to live at peace with everyone.
